The News is authorized to announce  
DESSIE LUCAS  
as a candidate for Police Judge of the City of Paris, subject to the action of the Democratic Primary, August 22nd, 1901. (Not subject to the Hon. City Committee.)

ONE of the war taxes that was not repealed July 1 is the 50-cent stamp required on marriage bonds, so that every couple that resorts to matrimony contributes a half-dollar to help Uncle Sam hold his position as a world power.

TWENTY members of a party of Epworth Leaguers on their way to the San Francisco convention were robbed of money, tickets and baggage checks at Colorado Springs, and were forced to seek aid from the city authorities.

HOT weather continues in nineteen States and Territories in the corn belt, the Ohio valley, and various portions of the South and Southwest are the only indications of abatement. The crops are in great danger, and unless rain falls within the next two or three days it is feared that serious damage will be inflicted.

## THE POLITICAL SITUATION.

The action of the Democratic City Committee in declaring null and void the election of July 3rd and ordering a new election for August 22d has caused considerable discussion in political circles. That the Committee had the power to order a new election there can not be the slightest doubt, and even had they been prompted "by selfish motives, preferring one set of candidates to another" or desiring to act "high-handed," they, in the one case, could have declared either set of Councilmen the nominees or could have gone beyond and nominated and named the nominees to satisfy their selfish notions.

Having the true interest of the Democratic party at heart and with an eye single for the future good of the party, the Committee wisely adopted the course they did. A notice of contest had been filed and to take up that contest would have not only been a long drawn out and very unpleasant affair but would have caused discussion in the party and split the factions so wide apart as to have jeopardized the Democratic party in November. The Committee acted wisely in referring all party contests back to the voters.

The question of a contest was not the only serious question for their consideration. Twenty out of the twenty-four election officers, chosen by this committee, had been arrested; threats of violence and intimidation had been made. These and other matters had to be looked squarely in the face and to be settled by this Committee.

When the riots had cleared away and the motives which prompted each commission in their decision of the matter are made public, then, in place of the abuse which is being heaped on their heads from certain quarters, the Committee will receive the commendation from every fair-minded voter of "well done good and faithful servants."

The News does not believe there will be another primary held. It believes that after the would-be contestants have had time to cool off and view the situation from a more reasonable standpoint, that those who have not already done so will then decide to withdraw from the race and support the nominees of the recent primary at a November election.

The Republicans in this city and county are laughing in their sleeves at the contention which is springing up in the ranks of the Democratic party, and are awaiting a favorable opportunity to put a tick in the field. Every Democrat who does the least to encourage this discussion is only playing into the hands of the enemy, and he could do nothing better to prove his Democracy than by saying that in every way in his power he will uphold his party at the coming election.

The News will, as it said in its last issue, support the nominees of the primary held July 3, and it calls upon all Democrats to do likewise.

## All They Wanted Was Their Beer

Louisville excursionists to Natural Bridge Sunday attempted to smuggle through a quantity of beer. At Lexington Assistant Passenger Agent Morgan held the train and took from it several kegs of the beverage, which was kept there until the train returned that night. Some of the excursionists would not proceed on the trip.

## Primary Declared Null and Void.

On last Tuesday afternoon the Democratic City Committee held an executive session to take some action in regard to the Democratic City Primary held on July 3rd, and the following resolution was adopted:

WHEREAS, by reason of the wholesale arrest of the election officers occurring on the occasion of the primary election held in the City of Paris on July 3rd, 1901, for the selection of Democratic nominees for city officers, said election was rendered invalid; and WHEREAS, much discussion and strife have arisen within the party ranks on account of occurrences happening on the occasion of said primary election; Now, therefore, for the best interest of the Democratic party, and in fairness and justice to all parties in interest. Be Resolved, By the Democratic City Committee of the City of Paris, that the said primary election, held on July 3rd, 1901, be and the same hereby is and is held for null and void; and that the certificates of nomination issued upon the returns of said primary election be and the same are hereby revoked and cancelled and primary election held.

The following is the notice of contest which had been served on the City Committee by the defeated candidates:

To Hon. Russell Mann, Chairman of the Democratic City Committee of Paris, Ky.:  
Also D. C. Parrish, W. O. Hinton, James O'Brien, T. E. Ashbrook and Hugh Montgomery, contestants:  
You will please take notice that the undersigned contest the Democratic Primary Election held in the City of Paris on Wednesday, July 3rd, 1901, to name Democratic nominees for various city officers, including Councilmen, upon the following grounds:

1. The undersigned contestants state that the said election was rendered null and void for the reason herein set out to-wit: "The contestants state that the Council and candidates for re-nomination at said election, in his efforts to secure his own nomination and the nomination of the remaining contestants, unlawfully, and against the law, on said day, entered within fifty feet of the polls in election precincts 1, 2, 3, 4 and 5 and unlawfully remained at said polls and unlawfully and violently threatened the officers of election at the above named polls with arrest while they were engaged in the discharge of their duties as officers of said election, and pursuant to said threat unlawfully procured their arrest by the City Marshal whilst so engaged and during election hours, and in so doing said precincts caused the said election officers to be arrested twice during election hours; and that one G. Tucker, who was aiding the contestants, unlawfully and violently threatened the officers of election with arrest while they were engaged in the discharge of their duties; and that one, Harry James, who was aiding contestants in said election, unlawfully entered within 50 feet of the polls at election precinct No. 1 and unlawfully and violently threatened the officers of election during election hours and while engaged in the discharge of their duties; and the contestants state that by reason of the violence and intimidation aforesaid, and by reason of the unlawful interference with the said election, and the officers thereof, the said election became and is null and void; and you will take notice that the contestants ask the Democratic City Committee to so adjudge."

2. In the event the contestants shall not be adjudged entitled to the relief set out in objection No. 1, then they state that the contestants are the nominees for Councilmen and not the contestants as set out in objection No. 1, herein set out; and you will take notice that the contestants will in that event ask the Democratic City Committee to adjudge the contestants the lawful nominees for the said office of Councilman upon the following grounds, to-wit: (A) The contestants state that the contestant, Benick, received a larger number of legal votes in ward No. 2 than his opponent, the contestant, D. C. Parrish; (B) That the contestants, Fletcher Mann, James McClure and E. L. Lusk, received more legal votes at said election than their opponents, the contestants, O'Brien, Ashbrook and Montgomery, in precinct No. 1 was not a legal voter and had no right to vote because he had not been in the precinct for 60 days prior to said election; (C) That the contestants, Parrish and Hinton, who voted in precinct No. 1, were not legal voters because they had not been in the precinct for 60 days prior to said election; (D) A. T. Crawford, who is not a Democrat, was allowed to vote for contestants in precinct No. 2, contrary to the rule prescribed in the call for said election; (E) More than six other Republicans were, contrary to the call, permitted to vote for contestants in precincts Nos. 1 and 2; (F) Pearce Patton, who voted for contestants, Parrish and Hinton, in precinct No. 3, was not a legal voter; (G) H. H. Hinton, who voted for contestants, Parrish and Hinton, in precinct No. 3, was not a legal voter; and is a Republican and was permitted to vote, contrary to the call.

Other Republicans were, contrary to said call, permitted to vote for contestants, Parrish and Hinton, in said precinct.

FLETCHER MANN, B. M. BENICK, R. E. LUSE, JAS. MCCLURE.

## Webb and Fitzgerald Withdraw

Judge Webb and Morris Fitzgerald, in the collection card, announce their intention to not again enter the race and to support the nominees of the convention.

To the Democratic Voters of Paris: By the action of the City Democratic Committee another City Primary has been ordered for August 22nd, and the nomination of Police Judge at the Primary held on July 3d, and was defeated by Mr. E. T. Hinton. Mr. Hinton has been nominated for nomination, and I think it would be unfair for me to run against him again, even though the Committee has made it possible. I therefore decline to make the race, and hope my friends will extend their support to the gentlemen who have already been nominated, and especially Mr. Hinton. Respectfully,

M. FITZGERALD.

Since the action of the City Committee in declaring null and void the result of the recent City Primary election, many of my friends have requested me to re-enter the race for Police Judge. I highly appreciate their expressions of good will, but I have ever been a Democrat, and for all Democratic nominees.

Truly yours,  
CHAS. D. WEBB.

## AMERICA TO LEAD ALL.

Minister Wu says the Republic will become greatest power on earth. Several thousand persons gathered in Independence square at Philadelphia on the Fourth of July to see and hear Wu Tingfang, the Chinese minister. Minister Wu was the orator of the day at the municipal celebration of Independence day, and the friendly reception given the distinguished guest must have allayed all fears for his safety despite the fact that he had received an anonymous letter threatening him with bodily harm.

When Minister Wu appeared on the speaker's stand, he was accompanied by two detectives, who had been assigned as a special bodyguard, and the Chinese diplomat stepped to the front of the platform, he was given a warm reception.

Minister Wu began by referring to the day and speaking the many important events which had occurred upon its anniversary. He made humorous reference to the fact that China furnished America with freetraders and then in a serious vein traced a similarity in the education system of China, which gave the humblest citizen an opportunity to become part of the government, and the electoral system of the United States. His closing tribute to the United States was as follows:

"This nation, it seems to me, has not sprung into existence without a manifest destiny. There must be some noble end for which the independence of the United States was established."

"It was to demonstrate to the world what great good to mankind a free and independent people can do; to establish a government of the people, by the people and for the people; to preserve law and order; to treat all people alike, with fairness and justice; to do away with selfish and clamorous feeling; to make American patriotism synonymous with fair play, with the love of mankind, with freedom and liberty in accordance with law and justice."

"By pursuing these ends the republic will become the greatest power upon earth, and you citizens of this great country will be more than ever respected and loved by all."

## HOW TAFT TICKLED AN EDITOR

Story About the First Civil Governor of the Philippines.

Judge William H. Taft, just inaugurated first civil governor of the Philippines, was, it is said, the most popular of great dignity. Personally Governor Taft is one of the most gracious and kind hearted of men, but several times during his career he has shown that he has fighting blood in his veins, as may be seen from the following incident.

At Yale he was the most popular man in his class and was noted for his skill as a boxer and in other similar forms of athletics. This skill he once put to good use after he graduated and came back to his home in Cincinnati.

At the time there was published in Cincinnati a scurrilous Sunday paper, made up chiefly of scandalous attacks on prominent people. One Sunday morning the paper contained a story reported to be a letter from Washington written by a society woman of Cincinnati who was visiting in the national capital. The letter was such a woman of discretion and modesty would have written, and it was signed with the name of the alleged author was not given, the editor in another article succeeded in conveying the impression that Mrs. Taft, mother of the present governor, who happened at the time to be in Washington, was responsible for it.

The day the article appeared William H. Taft, accompanied by a male relative, called at the office of the paper in question and succeeded in identifying the woman who had written the letter which had offended his family. He then proceeded to take off his coat and otherwise clear the decks for action. The editor called for help, but the elder Taft held those who came to his assistance back, and he and the editor fought for two weeks, at the end of which time the victim of Taft's strong right arm was just able to limp out to his office. He never took any action against the future ruler, whose action was highly commended by the entire community.

## INDIANS GOING TO MEXICO.

Disaffected Cherokees Will Form a Colony to Their Liking.

Hundreds of full blood Cherokees, under the leadership of Muskra, are organizing to emigrate to Mexico, says a Vintia (I. T.) dispatch to the St. Louis Republic. An account of a similar party, named Lyons, has offered them free lands and an opportunity to perpetuate their tribal organization in that country, and all the followers of the irreconcilable chief are enrolling to go.

This element in the Cherokee Nation has always bitterly opposed the allotment of lands, and all of those who are in favor of a speedy settlement of the nation's affairs with the government are opposing the movement by an offer to purchase their rights.

## New Tune For "America."

At the annual meeting of the Rhode Island Society of the Order of Cincinnati held at the statehouse in Newport the other day it was voted, says the New York World, that the song "America" be revised and that the same words be put to new music and sung at all future meetings of the society.

Land cultivated by irrigation is more productive than land where the rainfall moisture alone is sufficient to mature the crops.

## Settlements.

They were looking over the paper together. "Oh, my, how funny!" said she.

"What is it?" he asked.

"Why, here's an advertisement that says, 'No reasonable offer refused.'"

"What is there odd about that?"

"Nothing, nothing," she replied, trying to blush; "only those are my sentiments."

## Another wedding shortly.

Holland has some peculiar customs. In many towns bulletins are affixed to the doors of houses in which persons are sick in order that their friends may be apprised of the state of their health without knocking or ringing, and in Haarlem the birth of a child is announced by means of a small placard adorned with red silk and lace.

## A Reasonable Conductor.

Pikey—And just because you had lost your nicker the conductor made you get off the car and walk all the way home?

"Bilkey—Oh, no. He only put me off. I could have sat by the roadside all night if I had wanted to—Baltimore World."

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle.
